

HEARTLAND HERALD

Heartland Precision Fasteners, Inc.

301 Prairie Village Drive

New Century, KS 66031

January/March, 2016

The Herald is returning after a 3 year absence. The Herald will be coming to you quarterly with updates on the happenings here in New Century,

AND.....the Trivia Contest is returning as well! We look forward to your participation.

We will post the newsletter on our website quarterly so be sure to visit the "About Us" section on the website to get your copy. If you would like to have a copy emailed to you, please contact your sales representative and a copy will be sent to you.

WEBSITE: Have you been on www.heartlandfasteners.com lately?

- You can download our current inventory.
- You can check status of your open orders.
- You can request a quotation.
- You can download our current certifications.
- You can download part number listings and information on our capabilities.

WE ARE GROWING:

Heartland started production in the fall of 2015 of an additional 25,000 square feet of manufacturing space. The construction is expected to complete in late spring/early summer.

One of the added features of the new facility and upgrade of the current footage is air conditioning in the manufacturing area! The employees are thrilled and anxious to have it functional before the Midwest summer heat and humidity arrive. See pictures on the next page.

The addition will allow our hot press machines to be installed, expansion of the CNC department as well as a larger, new quality department, expanded shipping and receiving and many other improvements.

The addition of the hot presses will bring exotic materials and new products to our offerings. Updates will be coming in future newsletters.

- Our ISO accreditation was renewed as well as our NADCAP certifications.
- Boeing qualification on BACB30 series bolts continues into 2016.
- Heartland received the Boeing Silver Performance Excellence Award for the 6th year.
- On-Time Delivery maintained in the 94% range for 2015.
